### # The Letter in Sign Language

American Sign Language (ASL) is a visual language that uses handshapes, facial expressions, and body movements to convey meaning.

To sign the letter 'B' in ASL, follow these steps:

1. Start with a dominant-hand flat-O handshape (all fingers extended).
2. Move your dominant hand forward, keeping it level with your chest.
3. As you move your hand, rotate it so that your palm faces slightly towards the right (or left).
4. Keep your elbow relaxed and your forearm parallel to the ground.
5. Stop moving your hand when your fingers are facing directly forward.

The ASL sign for 'B' is a simple yet distinct gesture that allows users to spell out words and phrases.
